Dear colleague,

In order to provide practices and discussions with the necessary intensity, the number of participants must unfortunately be strictly limited.

The course fee (including lunch and a snack during the break) is 390 euros.

Please send your application to:
Praxis Dr. S. Guggenbichler
fax: +49 89 / 29 16 37 32 or
e-mail: info@beinsprechstunde.de

Please do not forget to indicate your address because otherwise no assignment can be made.

Send your course fee to the following account at the Deutsche Apotheker- und Ärztebank eG in Munich:
IBAN: DE27 3006 0601 0202 8251 20
SWIFT: DA AEDEDD
Account: 02 02 82 51 20
Bank code: 300 606 01

Applications will be considered in the order of receipt and will not be binding until the course fee arrives. There is a 60 euro fee for course cancellation. Thank you in advance for your understanding.

For questions please contact Ms. Freni or Ms. Ranaudo.
telephone no.: +49 89 / 29 99 52

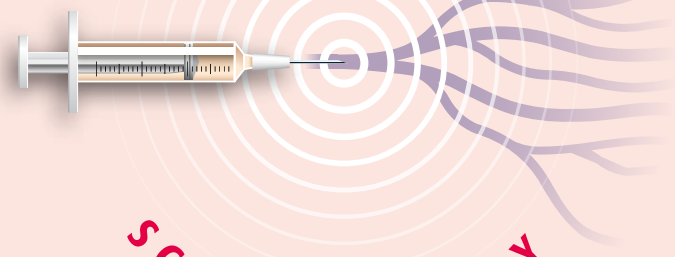
10TH COMPACT TRAINING COURSE SCLEROTHERAPY



Saturday, 20th May 2017

10:00 a.m. - 5:00 p.m.

in collaboration with the
German Society of Phlebology,

and the
Sclerotherapy working group of the German Society of Phlebology

Speakers:

Dr. Univ. Parma S. Guggenbichler, phlebologist
F. X. Breu, MD, phlebologist

Dear colleagues,

In collaboration with the German Society of Phlebology and the Bavarian Chamber of Physicians, the tenth international compact training course in Sclerotherapy is being held in English language in Munich. The intention of this course is to learn the basics of liquid and foam sclerotherapy of varicose veins, both theoretically and practically, and to be able to eliminate varicose veins effectively and safely.

The morning programme will include lectures on various sclerotherapy techniques, indications and sclerosing agents (side effects, injection volumes and concentrations). Moreover recommendations of the most recent international congresses and consensus conferences will be conveyed including advices of sclerotherapy management.

Diagnosis is assigned an important role: For that purpose, basic diagnostics with CW Doppler will be explained, as well as differentiated diagnostics with colour-duplex sonography, which as "leg vein cartography" has become the diagnostic standard all over Europe before start of therapy.

The practical part involves live demonstration of various sclerotherapy techniques as well as post-sclerotherapy procedures. Patients will be examined and treated according to their individual indications. All parts of the programme will provide enough time to ask and discuss specific questions on the therapy and the entire procedure.

S. Guggenbichler F. X. Breu

PROGRAMME

Morning: 10:00 a.m. - approx. 1:00 p.m.

Location: Hotel Platzl
Sparkassenstraße 10,
80331 Munich
